Delivering Structured, Scalable & Compliance-Ready Supply Across GCC Markets

COMPANY CAPABILITY SNAPSHOT

Al Falah International FZE is structured to support recurring supermarket and wholesale supply programs across the GCC region. We are capable of handling multi-container weekly shipments with coordinated sourcing, logistics planning, and export documentation management. Products are supplied in accordance with GCC import requirements and applicable food safety regulations.

Core Capabilities

- Direct sourcing from verified producers
- Full container and recurring bulk supply
- **Multi-container weekly shipment capability**
- Export documentation & customs compliance
- GCC food safety alignment
- Reefer container logistics for perishables
- Flexible retail & wholesale packaging formats

OPERATIONAL & LOGISTICS STRENGTH

We operate with structured procurement planning, ensuring stable availability and consistent shipment scheduling.

Export Support

- Commercial invoice & packing list preparation
- Certificate of origin coordination
- Phytosanitary certification (where applicable)
- Temperature-controlled shipment planning
- Palletized and container-optimized loading

Our logistics coordination ensures dependable supply continuity for supermarket distribution networks.
